

NORTH SHORE CHORAL SOCIETY PRESENTS:

# *Making Music with Heartstrings*

Saturday, March 4th, 9-11am  
First Presbyterian Church,  
Evanston

Enrich your students' musicianship and expressive connection to music through this FREE workshop. Students will work with the musical ensemble The Heartstrings Project to connect singing, movement, and mindfulness as they sing and explore two pieces. This unique musical experience will provide students the opportunity to make music with singers of all ages, while inspiring their creativity, mindfulness, and musical expression. No music literacy is required! This event is recommended for participants age 7 and up. We ask that all students be supervised by their teacher or adult caregiver.

The following day, North Shore Choral Society and The Heartstrings Project will be presenting a concert featuring the songs learned during the workshop. Participants in Saturday's workshop who attend the concert are invited to perform in the concert finale.

## *About the Presenters*

The Heartstrings Project is a group of performers that also provide experiences to enrich communities all over the world through music, meditation, and educational works. Visit [theheartstringsproject.org](http://theheartstringsproject.org) to learn more!

Founded in 1936, North Shore Choral Society is the oldest choral organization on the North Shore. An independent, non-profit, self-governing body, NSCS takes this as its credo: North Shore Choral Society explores, studies, and performs a wide range of choral music for the enrichment and enjoyment of its singers and audiences, and pursues opportunities for educational outreach and engagement in the community through various partnerships. Visit [northshorechoral.org](http://northshorechoral.org) to learn more!

## *Registering for the Event*

To ensure we will have the space prepared to accommodate all participants, we ask for you (or the families of your students) to complete a registration form prior to the event.

For your convenience, please scan the QR code to access the registration form.
